

US MILITARY SERVICES
A SOCIAL NETWORK OF HEROES

16 February 2011

Florida Army National Guard
2801 Grand Avenue, Pinellas Park, FL 33782-6140

National Guard C.O.

The accompanying box was donated by our good friends are the Bluffs Animal Hospital in Belleair Bluffs, Florida.

Dr. Doug Spiker and Dr. Guy Gibson are gigantic figures in the world of assisting Military personnel both across the globe in combat and here at home.

These items were originally shipped to our forces in Afghanistan and Iraq but were turned back due to stringent policy on liquid transportation via airspace.

It is the wish of both doctors that the men and women of the National Guard utilize these products during your exercises and that they be distributed during drill weekend.

Letters of appreciation may be sent to 320 N. Indian Rocks Rd N, Belleair Bluffs FL, 33770 or e-mailed to info@bluffsanimal.com.

Respectfully

R. J. Smith
